PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation by the board of directors of Senesco Technologies, Inc., a Delaware corporation, referred to herein as Senesco, we, us or our, of proxies to be voted at our annual meeting of stockholders to be held on Thursday, December 14, 2006, referred to herein as the Meeting, at the American Stock Exchange at 86 Trinity Place, New York, New York 10006, at 10:00 A.M., local time, and at any adjournment or adjournments thereof. The holders of record of our common stock, \$0.01 par value per share, as of the close of business on October 20, 2006, the Record Date, will be entitled to notice of and to vote at the Meeting and any adjournment or adjournments thereof. As of the Record Date, there were 17,473,694 shares of our common stock issued and outstanding and entitled to vote. Each share of our common stock is entitled to one vote on any matter presented at the Meeting.

If proxies in the accompanying form are properly voted and received, the shares of our common stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of our common stock represented by the proxies will be voted:

- (i) FOR the election of the seven (7) nominees named below as directors;
- (ii) FOR the proposal to amend the Company's Certificate of Incorporation, as amended, to increase the maximum number of authorized shares of the Company's capital stock, all classes, from thirty five million (35,000,000) shares, consisting of (i) thirty million (30,000,000) shares of Common Stock, and (ii) five million (5,000,000) shares of Preferred Stock, to sixty five million (65,000,000) shares, consisting of (x) sixty million (60,000,000) shares of Common Stock, and (y) five million shares of Preferred Stock;
- (iii) FOR the proposal to approve an amendment to the Company's 1998 Stock Incentive Plan, as amended (the "1998 Stock Plan"), to increase the maximum number of shares of Common Stock available for issuance under the 1998 Stock Plan from three million (3,000,000) shares to six million (6,000,000) shares and thereby reserve an additional three million (3,000,000) shares of Common Stock for issuance under the 1998 Stock Plan;
- (iv) FOR the ratification of the appointment of Goldstein Golub Kessler LLP, as our independent registered public accounting firm for the fiscal year ending June 30, 2007; and
- (v) In the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the Meeting or any adjournment or adjournments thereof. Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by our Corporate Secretary, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

The presence, in person or by proxy, of holders of shares of our common stock having a majority of the votes entitled to be cast at the Meeting shall constitute a quorum. The affirmative vote by the holders of a plurality of the shares of our common stock represented at the Meeting is required for the election of directors, provided a quorum is present in person or by proxy. If such a quorum is present, all actions proposed herein, other than the election of directors, may be taken upon the affirmative vote of our stockholders possessing a majority of the voting power represented at the Meeting.

Abstentions are included in the shares present at the Meeting for purposes of determining whether a quorum is present, and are counted as a vote against for purposes of determining whether a proposal is approved. Broker non-votes, or when shares are represented at the Meeting by a proxy specifically conferring only limited authority to vote on certain matters and no authority to vote on other matters, are included in the determination of the number of shares represented at the Meeting for purposes of determining whether a quorum is present but are not counted for

purposes of determining whether a proposal has been approved in matters where the proxy does not confer the authority to vote on such proposal, and thus have no effect on its outcome.

On or about November 6, 2006, this proxy statement, together with the related proxy card, is being mailed to our stockholders of record as of the Record Date. Our annual report to our stockholders for the fiscal year ended June 30, 2006, or fiscal 2006, including our financial statements, is being mailed together with this proxy statement to all of our stockholders of record as of the Record Date. In addition, we have provided brokers, dealers, banks, voting trustees and their nominees, at our expense, with additional copies of our annual report so that our record holders could supply these materials to our beneficial owners as of the Record Date.

ELECTION OF DIRECTORS

At the Meeting, seven (7) directors are to be elected, which number shall constitute our entire board of directors, to hold office until the next annual meeting of stockholders and until their successors shall have been duly elected and qualified.

Unless otherwise specified in the proxy, it is the intention of the persons named in the enclosed form of proxy to vote the stock represented thereby for the election as directors, each of the nominees whose names and biographies appear below. All of the nominees whose names and biographies appear below are at present our directors. In the event any of the nominees should become unavailable or unable to serve as a director, it is intended that votes will be cast for a substitute nominee designated by our board of directors. Our board of directors recommends that our stockholders vote FOR each of the nominees for the board of directors.

Corporate Governance Guidelines

Our board of directors has long believed that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. During the past year, our board has continued to review our governance practices in light of the Sarbanes-Oxley Act of 2002, the new rules and regulations of the Securities and Exchange Commission and the new listing standards, policies and requirements of the American Stock Exchange, LLC, or AMEX.

Our board of directors has adopted corporate governance guidelines to assist it in the exercise of its duties and responsibilities and to serve the best interests of Senesco and its stockholders. These guidelines, which provide a framework for the conduct of our board's business, include that:

- the principal responsibility of the directors is to oversee the management of Senesco;
- a majority of the members of our board shall be independent directors;
- the independent directors met regularly in executive session;
- directors have full and free access to management and, as necessary and appropriate, independent advisors;
- new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and
- at least annually, our board and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Board Determination of Independence

Under the current AMEX rules, a director will, among other things, qualify as an "independent director" if, in the opinion of our board of directors, that person does not have a material relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors currently consists of Rudolf Stalder, Bruce C. Galton, John E. Thompson, Ph.D., John N. Braca, Christopher Forbes, Thomas C. Quick and David Rector. We are currently traded on the AMEX, which requires our board be comprised of a majority of independent directors. Our board of directors has determined that each of Messrs. Stalder, Braca, Forbes, Quick and Rector is an "independent director" as defined under Sections 121(A) and 802 of the AMEX rules.

Committees and Meetings of our Board of Directors

Our board of directors held nine (9) meetings during fiscal 2006. Throughout this period, each member of our board of directors attended or participated in at least 75% of the aggregate of the total number of meetings of our board held during the period for which such person has been a director, and the total number of meetings held by all committees of our board on which each the director served during the periods the director served, except for Thomas C. Quick, who attended less than 75% of the board and audit committee meetings. Our board of directors has three standing committees: the Compensation Committee, the Audit Committee and the Nominating and Corporate Governance Committee, each of which operates under a charter that has been approved by our board. Each of these charters are also posted on our website at www.senesco.com. Our corporate governance guidelines provide that directors are expected to attend the annual meeting of stockholders. All directors attended the 2005 annual meeting of stockholders.

Compensation Committee. Our Compensation Committee was established in July 1999, pursuant to the Compensation Committee Charter. Our Compensation Committee generally makes recommendations concerning salaries and incentive compensation for our management and our employees. The primary responsibilities of our Compensation Committee, as more fully set forth in the Compensation Committee Charter adopted in July 1999 and amended and restated on July 7, 2004, include:

- annually reviewing and approving corporate goals and objectives relevant to CEO compensation;

- reviewing and approving, or recommending for approval by our board, the salaries and incentive compensation of our executive officers;
- preparing the Compensation Committee report;
- administering our 1998 Stock Incentive Plan, as amended, or our 1998 Stock Plan; and
- reviewing and making recommendations to our board with respect to director compensation.

In addition, our Compensation Committee periodically reviews the potential effect of Section 162(m) and uses its judgment to authorize compensation payments that may be subject to the limit when our Compensation Committee believes such payments are appropriate and in the best interests of Senesco and our stockholders, after taking into consideration changing business conditions and the performance of our employees. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to a company's CEO and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met.

Our Compensation Committee is comprised of David Rector, John N. Braca and Rudolf Stalder. Mr. Rector currently serves as the chairman of the Compensation Committee. All members of our Compensation Committee are considered independent pursuant to Sections 121(A) and 805 of the AMEX rules. Our Compensation Committee held three (3) meetings during fiscal 2006.

Audit Committee. Our Audit Committee was established in July 1999. On October 8, 2003, our board of directors adopted an Amended and Restated Audit Committee Charter. The primary responsibilities of our Audit Committee include:

- appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;
- overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from our independent registered public accounting firm;
- reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;
- discussing our risk management policies;
- establishing policies regarding hiring employees from our independent registered public accounting firm and procedures for the receipt and retention of accounting related complaints and concerns;
- meeting independently with independent registered public accounting firm and management; and
- preparing the audit committee report required by SEC rules, which is included on page 9 of this proxy statement.

Our Audit Committee is comprised of John N. Braca, David Rector and Thomas C. Quick. Mr. Braca currently serves as the chairman of the Audit Committee. AMEX currently requires an Audit Committee comprised solely of independent directors. Messrs. Braca, Rector and Quick are "independent" members of our board of directors as defined in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and Sections 121(A) and 803 of the AMEX rules. In addition, our board of directors has determined that Mr. Braca satisfies the definition of an audit committee "financial expert" as set forth in Item 401(e) of Regulation S-B promulgated by the SEC. Our Audit Committee held four (4) meetings during fiscal 2006.

Nominating and Corporate Governance Committee. The primary responsibilities of our Nominating and Corporate Governance Committee, as more fully set forth in the Nominating and Corporate Governance Committee Charter and Corporate Governance Guidelines adopted on October 15, 2004, include:

- identifying individuals qualified to become our board members;

- evaluating and recommending to our board of directors the persons to be nominated for election as directors at any meeting of stockholders and to each of our board's committees;
- reviewing and making recommendations to our board with respect to management succession planning;
- developing and recommending to our board a set of corporate governance principles applicable to Senesco; and
- overseeing the evaluation of our board.

Our Nominating and Corporate Governance Committee was formed on September 29, 2004, and it is currently comprised of Messrs. Forbes and Quick. Mr. Forbes currently serves as the chairman of the Nominating and Corporate Governance Committee. Both members of our Nominating and Corporate Governance Committee are independent, as independence for nominating and corporate governance committee members is defined under Sections 121(A) and 804 of the AMEX rules.

Code of Business Ethics and Conduct. Pursuant to the requirements of Section 406 of the Sarbanes-Oxley Act of 2002 and Section 807 of the AMEX rules, on March 17, 2003, our board of directors adopted a Code of Business Ethics and Conduct, which may also be found on our website at www.senesco.com. Our Code of Ethics contains written standards designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely, and understandable disclosure in reports and documents filed with the SEC;
- compliance with applicable governmental laws, rules and regulations;
- the prompt internal reporting of violations of our Code of Ethics to an appropriate person or persons identified in our Code of Ethics; and
- accountability for adherence to our Code of Ethics.

Each of our employees, officers and directors completed a signed certification to document his or her understanding of and compliance with our Code of Ethics.

Director Candidates

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and the board.

In considering whether to recommend any particular candidate for inclusion in the board's slate of recommended director nominees, our Nominating and Corporate Governance Committee will apply the criteria contained in the committee's charter. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. Our Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

Stockholders may recommend individuals to our Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least one year as of the date such recommendation is made, to: Nominating and Corporate Governance Committee, c/o Corporate Secretary, Senesco Technologies, Inc., 303 George Street, Suite 420, New Brunswick, New Jersey 08901. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will

evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Communicating with our Independent Directors

Our board of directors will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The Chairman of the Board, with the assistance of our outside counsel, is primarily responsible for monitoring communications from our stockholders and for providing copies or summaries to the other directors as he considers appropriate. Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chairman considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our board should address such communications to: Board of Directors, c/o Corporate Secretary, Senesco Technologies, Inc., 303 George Street, Suite 420, New Brunswick, New Jersey 08901.

Report of the Audit Committee

The Audit Committee has furnished the following report:

September 14, 2006

To the Board of Directors of Senesco Technologies, Inc.:

The Audit Committee of our board of directors is currently composed of three members and acts under a written charter adopted on July 26, 1999 and amended and restated on October 8, 2003. Our independent registered public accounting firm is responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. As appropriate, the Audit Committee reviews and evaluates, and discusses with our management and our independent registered public accounting firm, the following:

- the plan for, and the independent registered public accounting firm's report on, each audit of our financial statements;
- the independent registered public accounting firm's review of our unaudited interim financial statements;
- our financial disclosure documents, including all financial statements and reports filed with the Securities and Exchange Commission or sent to stockholders;
- our management's selection, application and disclosure of critical accounting policies;
- changes in our accounting practices, principles, controls or methodologies;
- significant developments or changes in accounting rules applicable to us; and
- the adequacy of our internal controls and accounting and financial personnel.

The Audit Committee reviewed and discussed with our management our audited financial statements for the year ended June 30, 2006. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards No. 61, 89 and 90, titled Communication with Audit Committees, with our independent registered public accounting firm. These standards require our independent registered public accounting firm to discuss with our Audit Committee, among other things, the following:

- methods used to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

Our independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1, titled Independence Discussions with Audit Committees. Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that, in the auditor's professional opinion, may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with our independent registered public accounting firm their independence from Senesco. The Audit Committee also considered whether our independent registered public accounting firm's provision of certain other non-audit related services to Senesco is compatible with maintaining our auditors' independence.

Based on our discussions with management and our independent registered public accounting firm, and our review of the representations and information provided by our management and our independent registered public accounting firm, the Audit Committee recommended to our board of directors that the audited financial statements be included in our annual report on Form 10-K for the year ended June 30, 2006.

Compensation Committee Report on Executive Compensation

The Compensation Committee has furnished the following report:

Our executive compensation policy is designed to attract and retain highly qualified individuals for our executive positions and to provide incentives for such executives to achieve maximum company performance by aligning our executives' interest with that of our stockholders by basing a portion of our executive compensation on corporate performance.

The Compensation Committee reviews and determines base salary levels for our executive officers on an annual basis and determines actual bonuses after the end of the fiscal year based upon our and each individual's performance. Additionally, the Compensation Committee administers all of our stock incentive plans.

Our executive officer compensation program is comprised of base salary, discretionary annual cash bonuses, stock awards and various other benefits, including health insurance and a 401(k) Plan, which are generally available to all of our employees.

Salaries are established in accordance with industry standards through review of publicly available information concerning the compensation of executive officers of comparable companies. Consideration is also given to relative responsibility, seniority, individual experience and performance. Salary increases are generally made based on increases in the industry for similar companies with similar performance profiles and/or attainment of certain division or our goals. The base salary level for our executive officers for the 2006 fiscal year was at approximately the lower 25th percentile of the base salaries paid to executive officers with comparable positions at the peer group companies.

In selecting companies to survey for such compensation purposes, the Compensation Committee considered many factors not directly associated with the stock price performance of those companies, such as geographic location, development stage, organizational structure and market capitalization. For this reason, there is not a meaningful correlation between the companies included within the peer group identified for comparative compensation purposes and the companies included within the RDG Micro Biotechnology Index, which we have selected as the industry index for purposes of the stock performance graph appearing later in this Proxy Statement.

We have not paid or awarded bonuses during the current year or any previous year

The stock option program is designed to relate our executives' and certain middle managers' and other key personnel's long-term interests to our stockholders' long-term interests. In general, stock option awards are granted if warranted by our growth and profitability. Stock options are awarded on the basis of individual performance and/or the achievement of internal strategic objectives.

The option grants are designed to align the interests of each of our executive officers with those of our stockholders and provide each individual with a significant incentive to manage the company from the perspective of an owner with an equity stake in the business. Each grant allows the individual to acquire shares of our Common Stock at a fixed price per share (the closing market price on the grant date) over a specified period of time (up to 10 years). Each option generally vests and becomes exercisable in installments over the executive officer's continued employment with the company. Accordingly, the option will provide a return to the executive officer only if the executive officer remains employed by the company during the applicable vesting period, and then only if the market price of the underlying shares appreciates over the option term.

The number of shares subject to each option grant is set at a level intended to create a meaningful opportunity for stock ownership based on the officer's current position with the company, the size of comparable awards made to individuals in similar positions within the industry, the individual's potential for increased responsibility and promotion over the option term, and the individual's personal performance in recent periods. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. However, the Compensation Committee does not adhere to any specific guidelines as to the relative option holdings of our executive officers.

CEO Compensation. The Committee established the Chief Executive Officer's total annual compensation based on the size, complexity and historical performance of our business, our position as compared to our peers in

the industry, and the specific challenges faced by us during the year, such as changes in the market for information technology products and services and other industry factors. No specific weight was assigned to any of the criteria relative to the Chief Executive Officer's compensation.

With respect to the Chief Executive Officer's base salary, it is the Compensation Committee's intent to provide him with a level of stability and certainty each year and not have this particular component of compensation affected to any significant degree by corporate performance factors. For the 2006 fiscal year, the Committee raised his base salary from the level in effect in 2005. Accordingly, the Chief Executive Officer's base salary for the 2006 fiscal year was at approximately the lower 25th percentile of the base salaries paid to the chief executive officers of the peer group companies. The Chief Executive Officer was also eligible for a cash bonus for the 2006 fiscal year which was conditioned in part on the company's attainment of specified performance goals, the company's stage of development and the company's cash position. Based on the Corporation's stage of development and cash position for the 2006 fiscal year, a bonus was not awarded to the Chief Executive Officer.

On October 4, 2001, we hired Bruce C. Galton as our new President and Chief Executive Officer. In conjunction with Mr. Galton's appointment, we entered into a three-year employment agreement with Mr. Galton, effective October 4, 2001. The agreement automatically renews for successive one-year terms thereafter, unless written notice of termination is provided at least 120 days prior to the end of the applicable term. The term of Mr. Galton's employment agreement currently runs through October 3, 2007. The terms of that agreement are summarized in the section of the proxy statement entitled "Employment Contracts, Termination of Employment and Change in Control Arrangements." The agreement provides Mr. Galton with an annual base salary of \$200,000 plus certain benefits, including potential bonuses, equity awards and other perquisites as determined by our board of directors. Our board of directors has since approved several increases in Mr. Galton's annual base salary, which was approximately \$243,000 for fiscal 2006, and is approximately \$245,000 for fiscal for 2007. The agreement also provides that Mr. Galton is entitled to a lump sum payment of 1.5 times his base annual salary plus an additional 1.5 times his base salary, payable in common stock in three annual installments, if his employment with us is terminated without cause or with good reason, as defined in his employment agreement. If Mr. Galton's employment with us is terminated pursuant to a change in control, as defined in his employment agreement, he is entitled to receive the difference between the monies actually received upon termination and 1.5 times his annual base salary plus an additional 1.5 times his base salary, payable in common stock. In addition, in fiscal 2006, Mr. Galton received options to purchase 40,000 shares of our Common Stock.

Tax Considerations

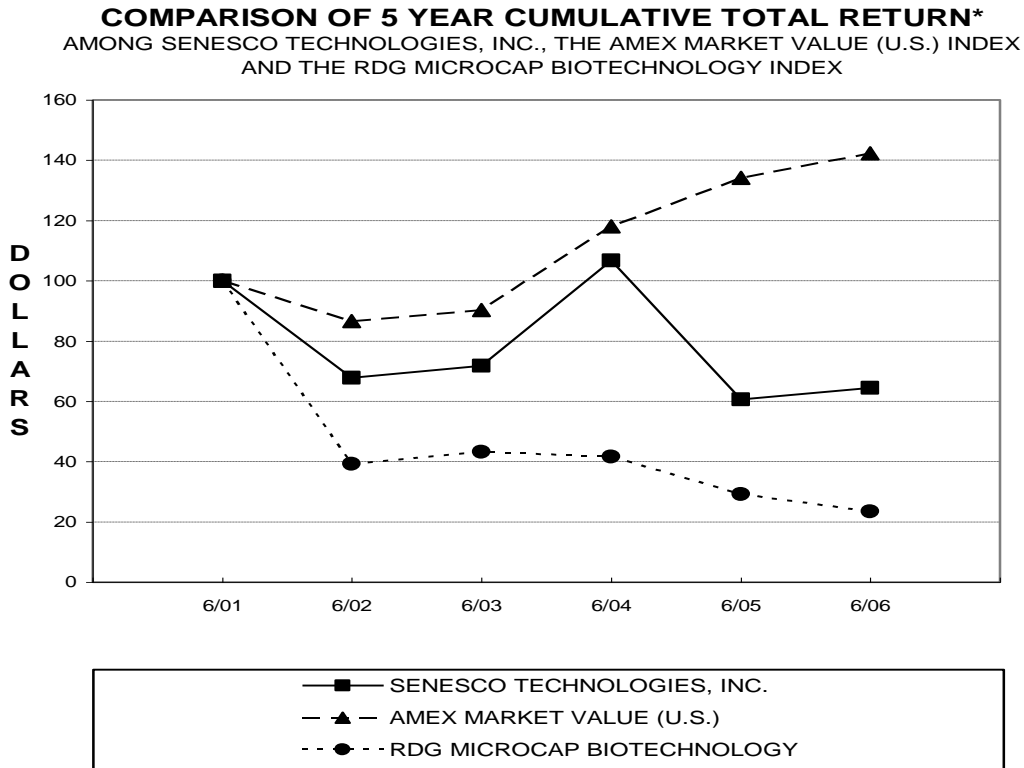

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to our CEO and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The Compensation Committee reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in our best interests and the best interest of our stockholders, after taking into consideration changing business conditions and the performance of our employees. The Compensation Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the executive officers essential to our growth and financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation. However, for the 2006 fiscal year, the total amount of compensation paid by the company (whether in the form of cash payments or upon the exercise or vesting of equity awards) should be deductible and not affected by the Section 162(m) limitation.

PROPOSAL TO INCREASE THE AUTHORIZED NUMBER OF SHARES

Description of Proposal

The Company's Certificate of Incorporation currently authorizes the Company to issue up to thirty five million (35,000,000) shares of its capital stock, all classes, consisting of (i) thirty million (30,000,000) shares of Common Stock and (ii) five million (5,000,000) shares of Preferred Stock. On October 19, 2006, the Board of Directors

approved, subject to stockholder approval, an amendment to the Company's Certificate of Incorporation to increase the maximum number of shares of the Company's capital stock, all classes, to sixty five million (65,000,000) shares, consisting of (i) sixty million (60,000,000) shares of Common Stock and (ii) five million (5,000,000) shares of Preferred Stock.

The Board of Directors has determined that an increase in the number of shares of Common Stock authorized for issuance is in the Company's best interests. The proposed increase in the number of shares of Common Stock authorized for issuance will ensure that shares will be available, if needed, for issuance in connection with stock splits, acquisitions and other corporate purposes. The Board of Directors believes that the availability of the additional shares for such purposes without delay or the necessity for a special stockholders' meeting would be beneficial to the Company. The Company does not have any immediate plans, arrangements, commitments or understandings with respect to the issuance of any of the additional shares of Common Stock that would be authorized by the proposed amendment. No further action or authorization by the Company's stockholders would be necessary prior to the issuance of the additional shares of Common Stock unless required by applicable law or regulatory agencies or by the rules of any stock market on which the Company's securities may then be listed.

The holders of any of the additional shares of Common Stock issued in the future would have the same rights and privileges as the holders of the Common Stock currently authorized and outstanding. Those rights do not include preemptive rights with respect to the future issuance of any additional shares.

As of October 20, 2006, 17,473,694 shares of Common Stock were issued and outstanding, 3,000,000 shares of Common Stock were reserved for issuance upon the exercise of outstanding options granted under the 1998 Stock Plan and 9,418,784 shares of Common Stock were reserved for issuance upon the exercise of warrants and options granted outside the 1998 Stock Plan. Accordingly, the Company has 3,107,523 shares remaining available for issuance. If the proposed amendment is approved, thirty million (30,000,000) additional shares of Common Stock would be authorized but unissued.

Upon approval by the stockholders, the first section of the fourth paragraph of the Company's Certificate of Incorporation would read as follows:

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is Sixty Five Million (65,000,000) shares. The Corporation is authorized to issue two classes of stock designated "Common Stock" and "Preferred Stock," respectively. The total number of shares of Common Stock authorized to be issued by the Corporation is Sixty Million (60,000,000), each such share of Common Stock having a \$0.01 par value. The total number of shares of Preferred Stock authorized to be issued by the Corporation is Five Million (5,000,000), each such share of Preferred Stock having \$0.01 par value.

Proposed Amendment

The stockholders are being asked to consider and vote upon a proposed amendment to the Company's Certificate of Incorporation to increase the maximum number of shares of the Company's capital stock, all classes, to sixty five million (65,000,000) shares, consisting of sixty million (60,000,000) shares of Common Stock and (ii) five million (5,000,000) shares of Preferred Stock. Although the Company has no present intent to issue any additional shares of Common Stock, the Board of Directors believes that the additional shares would provide the Company with added flexibility in connection with its future financing and stock issuance requirements, including with respect to possible future stock splits, if any.

The Board of Directors recommends a vote FOR the approval of the amendment to the Company's Certificate of Incorporation.

PROPOSAL TO AMEND THE 1998 STOCK INCENTIVE PLAN

Summary of the Plan

The 1998 Stock Plan was adopted by the Company's Board of Directors on December 31, 1998 and approved by the stockholders of the Company on January 22, 1999. Those eligible to receive stock options or stock purchase rights under the 1998 Stock Plan include the Company's employees, Directors and consultants. The 1998 Stock Plan was adopted to: (i) attract and retain the best available personnel for positions of substantial responsibility; (ii) provide

additional incentives to employees, members of the Board of Directors, members of the Scientific Advisory Board and consultants of the Company and its subsidiary; (iii) provide key employees, Directors and consultants with an interest in the Company that is parallel to that of the stockholders; and (iv) promote the success of the Company's business. Currently, there are three million (3,000,000) shares of the Company's Common Stock reserved for issuance upon the exercise of options and/or stock purchase rights granted under the 1998 Stock Plan. As of October 20, 2006, there were approximately seven (7) employees and non-employee Directors who have received stock options under the 1998 Stock Plan. Because future participation in the 1998 Stock Plan and the level of participation will vary, it is not possible to determine the value of benefits which may be obtained by those eligible to participate in the 1998 Stock Plan.

The Board of Directors administers the 1998 Stock Plan and may grant options to eligible employees, consultants and Directors recommended by the Compensation Committee. The 1998 Stock Plan provides for the granting of options intended to qualify as incentive stock options, or ISOs, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), to employees of the Company. The 1998 Stock Plan also provides for the granting of non-qualified stock options, or NQSOs, to employees, non-employee Directors and consultants who perform services for the Company or its subsidiary. The exercise price of all ISOs granted under the 1998 Stock Plan may not be less than the fair market value of the shares at the time the option is granted. In addition, no ISO may be granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company unless the exercise price as to that employee is at least 110% of the fair market value of the stock at the time of the grant. To the extent that options designated as ISOs become exercisable for the first time during any calendar year for Common Stock having a fair market value greater than one-hundred thousand dollars (\$100,000) (determined for each share as of the date of grant of the options covering such share), the portion of such options which exceeds such amount shall be treated as NQSOs. Options may be exercisable for a period of not more than ten (10) years from the date of grant; provided, however, that the term of an ISO granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company may not exceed five (5) years. The exercise price of NQSOs granted under the 1998 Stock Plan may not be less than 85% of the fair market value per share of the Common Stock on the date of grant. The 1998 Stock Plan provides that no NQSO may be granted to a person who owns more than 10% of the total combined voting power of all classes of stock of the Company unless the exercise price to that person is at least 110% of the fair market value of the stock at the time of the grant. The exercise price must be paid in full at the time an option is exercised, and at the discretion of the Board of Directors, all or part of the exercise price may be paid with previously owned shares or other approved methods of payment. An option is exercisable as determined by the Board of Directors. The 1998 Stock Plan will terminate on December 30, 2008.

Subject to the terms as specified in any option agreement, if an option holder's employment or consulting relationship terminates on account of disability, the option holder may exercise any outstanding option for one (1) year following the termination. If an option holder dies while in the employ of the Company or during the period of the consulting arrangement, the option holder's estate may exercise any outstanding option for one (1) year following the option holder's death. If termination is for any other reason, the option holder may exercise any outstanding option for three (3) months following such termination. Options may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner except by will or the laws of descent and distribution.

The 1998 Stock Plan also permits the awarding of stock purchase rights at not less than 50% of the fair market value of the shares as of the date offered. The 1998 Stock Plan requires the execution of a restricted stock purchase agreement in a form determined by the Board of Directors. Once a stock purchase right is exercised, the stockholder will have the rights of a stockholder and will be a shareholder when the purchase is entered on the Company's records.

The 1998 Stock Plan provides that, in the event of a reorganization, recapitalization, stock split, stock dividend, combination of or reclassification of shares, or any other change in the corporate structure or shares of the Company, the Board of Directors shall make adjustments with respect to the shares that may be issued under the 1998 Stock Plan or that are covered by outstanding options, or in the option price per share.

In the event of a dissolution or liquidation of the Company, the Board of Directors shall notify the option holder at least fifteen (15) days prior to such proposed action. To the extent not previously exercised, the outstanding options will terminate immediately prior to the consummation of such proposed action. In the event of a merger or consolidation of the Company with or into another corporation or the sale of all or substantially all of the Company's assets (hereinafter, a "merger"), the outstanding options may be assumed or an equivalent option may be substituted by such successor corporation or a parent or subsidiary of such successor corporation. In the event that such successor corporation does not agree to assume the outstanding options or to substitute equivalent options, the Board of Directors

will, in lieu of such assumption or substitution, provide for the option holder to have the right to exercise all of his outstanding options. If the Board of Directors makes an option fully exercisable in lieu of assumption or substitution, in the event of a merger, the Board of Directors shall notify the option holder that the option will be fully exercisable for a period of fifteen (15) days from the date of such notice, and the option will terminate upon the expiration of such period. The option will be considered assumed if, following the merger, the option confers the right to purchase, for each share of Common Stock subject to the option immediately prior to the merger, the consideration (whether stock, cash, or other securities or property) received in the merger by holders of Common Stock for each share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares). If such consideration received in the merger was not solely common stock of the successor corporation or its parent, the Board of Directors may, with the consent of the successor corporation and the participant, provide for the consideration to be received upon the exercise of an option for each share of stock subject to the option to be solely common stock of the successor corporation or its parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

Section 162(m) of the Code generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to a company's chief executive officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The Board of Directors reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the Board of Directors believes such payments are appropriate and in the best interests of the Company and its stockholders, after taking into consideration changing business conditions and the performance of its employees.

The Board of Directors may at any time amend, alter, suspend or discontinue the 1998 Stock Plan, but no amendment, alteration, suspension or discontinuation will be made which would impair the rights of any option holder under any grant theretofore made, without such option holder's consent. In addition, to the extent necessary and desirable to comply with Rule 16b-3 under the Exchange Act, or with Section 422 of the Code (or any other applicable law or regulation, including the requirements of the National Association of Securities Dealers or an established stock exchange), the Company shall obtain stockholder approval of any 1998 Stock Plan amendment in such a manner and to such a degree as so required. Any such amendment or termination of the 1998 Stock Plan is not permitted to affect options already granted and such options will remain in full force and effect as if the 1998 Stock Plan had not been amended or terminated, unless mutually agreed otherwise between the option holder and the Board of Directors, which agreement must be in writing and signed by the option holder and the Company.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that generally will arise with respect to awards granted under the 1998 Stock Plan. This summary is based on the tax laws in effect as of the date of this Proxy Statement. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant will not have income upon exercise of an incentive stock option if the participant has been employed by the Company or its corporate parent or majority-owned corporate subsidiary at all times beginning with the option grant date and ending three (3) months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under “Nonstatutory Stock Options.” The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an incentive stock option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two (2) years after the option was granted and more than one (1) year after the option was exercised, then all of the profit will be long-term capital gain. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. This capital gain will be long-term if the participant has held the stock for more than one (1) year and otherwise will be short-term. If a participant sells the stock at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the stock for more than one (1) year and otherwise will be short-term.

Nonstatutory Stock Options

A participant will not have income upon the grant of a nonstatutory stock option. A participant will have compensation income upon the exercise of a nonstatutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one (1) year and otherwise will be short-term.

Restricted Stock

A participant will not have income upon the grant of restricted stock unless an election under Section 83(b) of the Code is made within thirty (30) days of the date of grant. If a timely Section 83(b) election is made, then a participant will have compensation income equal to the value of the stock less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. If the participant does not make a Section 83(b) election, then when the stock vests the participant will have compensation income equal to the value of the stock on the vesting date less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one (1) year and otherwise will be short-term.

Tax Consequences to the Company

There will be no tax consequences to the Company except that the Company will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

Previously Granted Options under the 1998 Stock Plan

As of October 20, 2006, options to purchase two million five hundred and sixteen thousand five hundred (2,516,500) shares of Common Stock have been granted (net of forfeitures which are added back to the shares available for issuance under the 1998 Stock Plan) under the 1998 Stock Plan. The weighted average exercise price of such options is \$2.56 per share.

The following table sets forth the options granted under the 1998 Stock Plan to: (i) the Named Executives; (ii) each nominee for election as a Director; (iii) all current executive officers as a group; (iv) all current Directors who are not executive officers as a group; (v) each associate of any of such Directors, executive officers or nominees; (vi) each person who has received or is to receive 5% of such options or rights; and (vii) all employees, including all current officers who are not executive officers, as a group:

<u>Name and Title</u>	<u>Number of Options Granted</u>	<u>Weighted Average Exercise Price</u>
Rudolf Stalder, Chairman of the Board and Director	480,000	\$2.79
Bruce C. Galton, President, Chief Executive Officer and Director	585,000	2.17

All current Directors and nominees who are not executive officers as a group (5 persons).....	960,000	2.69

Whether or not stockholder approval of the amendment to the 1998 Stock Plan is obtained, options previously granted pursuant to the 1998 Stock Plan will remain valid and outstanding.

As of October 20, 2006, the fair market value of the Common Stock underlying options granted pursuant to the 1998 Stock Plan was equal to \$1.08 per share as determined by the closing price of the Company's Common Stock on the American Stock Exchange on such date.

Registration

The Company has filed a Form S-8 registration statement covering the shares of the Company's Common Stock issued and issuable under the 1998 Stock Plan, and intends to file an amendment to such registration statement to cover the additional shares reserved under the plan if so approved by the stockholders.

Proposed Amendment

The stockholders are being asked to consider and vote upon a proposed amendment (the "Amendment") to the 1998 Stock Plan to increase the maximum number of shares of the Company's Common Stock available for issuance under the 1998 Stock Plan from three million (3,000,000) shares to six million (6,000,000) shares and thereby reserve an additional three million (3,000,000) shares of Common Stock for issuance under the 1998 Stock Plan. The Board of Directors approved the Amendment on October 19, 2006.

Even though the 1998 Stock Plan by its terms does not require stockholder approval for the Amendment to be adopted, the Board of Directors is seeking that approval, because the additional options which may be granted under the 1998 Stock Plan following adoption of the Amendment will not be considered incentive stock options for federal income tax purposes unless stockholder approval has been obtained within twelve (12) months from the adoption of the Amendment by the Board of Directors. If stockholder approval is not obtained, then the options will be treated as non-qualified stock options. The Board of Directors believes it is in the Company's best interests to permit option holders to take advantage of the more favorable tax treatment given to incentive stock options (as discussed above).

The Board of Directors believes that the Amendment provides an important inducement to recruit and retain the best available personnel. The Board of Directors believes that providing employees, Directors and consultants with an opportunity to invest in the Company rewards them appropriately for their efforts on behalf of the Company.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our board of directors has, subject to stockholder ratification, retained Goldstein Golub Kessler LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2007. Goldstein Golub Kessler has served as our independent auditors since the fiscal year ending June 30, 1999 and currently serves as our independent registered public accounting firm. Neither the firm nor any of its directors has any direct or indirect financial interest in or any connection with us in any capacity other than as auditors.

Although stockholder ratification of the selection of Goldstein Golub Kessler LLP is not required by law, our board of directors believes that it is desirable to give our stockholders the opportunity to ratify this selection. If this proposal is not approved at the Meeting, our board of directors will reconsider the selection of Goldstein Golub Kessler LLP.

Our board of directors recommends a vote FOR the ratification of the appointment of Goldstein Golub Kessler LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2007.

One or more representatives of Goldstein Golub Kessler LLP are expected to attend the Meeting and have an opportunity to make a statement and/or respond to appropriate questions from our stockholders.

Independent Registered Public Accounting Firm Fees and Other Matters

Leased Employees

Through September 30, 2005, Goldstein Golub Kessler LLP, or GGK, our independent registered public accounting firm, had a continuing relationship with American Express Tax and Business Services, Inc., or TBS, from which it leased auditing staff who were full time, permanent employees of TBS and through which its partners provide non-audit services. Subsequent to September 30, 2005, the relationship ceased and the firm established a similar relationship with RSM McGladrey, Inc., or RSM. GGK has no full-time employees and therefore, none of the audit services performed were provided by permanent full-time employees of GGK. GGK manages and supervises the audit and audit staff, and is exclusively responsible for the opinion rendered in connection with its examination.

Other services, which do not include Financial Information System Design and Implementation fees, have been provided by TBS or RSM.

The following table summarizes the fees GGK, TBS, or RSM billed us for each of the last two fiscal years for audit services and other services:

- (3) Consists of fees relating to our tax compliance, tax planning and tax return review for the years ended June 30, 2006 and 2005 provided by TBS and / or RSM.

Financial Information Systems Design and Implementation Fees

GGK, RSM or TBS did not bill us for any professional services rendered to us and our affiliates during the fiscal year ended June 30, 2006 in connection with financial information systems design or implementation, the operation of our information system or the management of our local area network.

Pre-Approval Policies and Procedures

None of the audit-related fees billed in fiscal 2006 and 2005 related to services provided under the de minimis exception to the audit committee pre-approval requirements.

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy generally provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee has also delegated to the chairman of the Audit Committee the authority to approve any audit or non-audit services to be provided to us by our independent registered public accounting firm. Any approval of services by a member of the Audit Committee pursuant to this delegated authority is reported on at the next meeting of the Audit Committee.

STOCKHOLDERS' PROPOSALS

If we do not receive notice of a stockholder proposal within this timeframe, our management will use its discretionary authority to vote the shares they represent, as our board of directors may recommend. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these requirements.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. OTHER MATTERS

Our board of directors is not aware of any matter to be presented for action at the Meeting other than the matters referred to above and does not intend to bring any other matters before the Meeting. However, if other matters should come before the Meeting, it is intended that holders of the proxies will vote thereon in their discretion.

In addition to the use of the mails, proxies may be solicited by personal interview, telephone and telegram by our directors, officers and other employees who will not be specially compensated for these services. We will also request that brokers, nominees, custodians and other fiduciaries forward soliciting materials to the beneficial owners of shares held of record by such brokers, nominees, custodians and other fiduciaries. We will reimburse such persons for their reasonable expenses in connection therewith.

Certain information contained in this proxy statement relating to the occupations and security holdings of our directors and officers is based upon information received from the individual directors and officers.

WE WILL FURNISH, WITHOUT CHARGE, A COPY OF OUR REPORT ON FORM 10-K FOR THE YEAR ENDED JUNE 30, 2006, INCLUDING FINANCIAL STATEMENTS AND SCHEDULES THERETO, BUT NOT INCLUDING EXHIBITS, TO EACH OF OUR STOCKHOLDERS OF RECORD ON OCTOBER 20, 2006 AND TO EACH BENEFICIAL STOCKHOLDER ON THAT DATE UPON WRITTEN REQUEST MADE TO OUR SECRETARY. A REASONABLE FEE WILL BE CHARGED FOR COPIES OF REQUESTED EXHIBITS.
